

My dear

Did you know that all my elves have been talking about you ? They are all so impressed with how well you have been doing at your new school this year. Mrs Clause and I are very proud of you and you are at the top of our nice list.

My elves and I have been busy making toys and getting my sleigh ready for Christmas. We are looking forward to visiting Limerick and stopping at your house.

I believe you are looking for a special present from Santa this year....so

- give plenty of hugs and kisses to your brother Conor
- be nice to your friends and share your toys
- keep being a good girl and always try your best

Make me proud, Love **Santa**

PS - remember I always wait until children are asleep before I visit - so no peeping!
